

****AF HOME – 5 WAYS TO EARN** (In-Depth Guide)**

1. **AFFILIATE RETAIL PROFIT**

Earn income from the very first purchase made through your affiliate link — especially when a new customer places their first order at full retail price.

****How it works:****

When someone shops using your link for the first time, they purchase at SRP (Suggested Retail Price), allowing you to earn the retail profit. After their initial transaction, they automatically become an affiliate and enjoy lifetime discounts, shifting your earning potential to other bonus streams such as Cashback and Group Purchase Bonus.

2. **CASHBACK**

Get exclusive discounts and enjoy cashback rewards on your own personal purchases, helping you save more every time you shop.

****How it works:****

As a registered AF Home Affiliate, all your purchases are automatically discounted. On top of that, a portion of the product's PV is returned to you as cashback, credited to your account and available for encashment.

This is the ****only earning method without any monthly purchase requirement****, allowing you to enjoy benefits purely from your own shopping activity.

3. **AFFILIATE PERFORMANCE BONUS (APB)**

Earn a **■5,000** bonus each time your personally referred customers/affiliates reach a required purchase value, rewarding your efforts in sharing AF Home products.

****How it works:****

Accumulate a total of ****50,000 PV**** from the combined purchases of all your personally referred customers or affiliates. Every time you reach 50,000 PV — whether weekly or monthly — you qualify to receive a **■5,000** bonus. This reward is ****unlimited****, meaning you can earn it multiple times in a month.

The counter resets at the start of every new calendar month, so it's important to stay active and consistent to maximize your potential earnings.

To remain eligible for this bonus, you must meet the ****required monthly personal purchase volume****, ensuring active participation in the program.

4. **GROUP PURCHASE BONUS**

Earn commissions from purchases made by customers who joined AF Home through your referrals, allowing you to benefit from ongoing sales across your affiliate connections.

****How it works:****

To qualify for this bonus, affiliates must meet a ****minimum monthly purchase requirement**** to remain eligible for commissions on their team's activity.

You earn a percentage from the total PV of purchases made by affiliates who joined AF Home using your referral — including their own referrals up to a certain level. The deeper your affiliate base grows, the more you can earn from their activity.

5. **GLOBAL PURCHASE BONUS**

Earn points from overall company sales, your personal purchases, and the achievements of your referrals. These points convert into additional income and exciting rewards.

****How it works:****

AF Home allocates ****1% of total company PV**** to the Global Purchase Bonus Pool.

You earn ****points**** through the following:

- ****1 Point**** for every **■100,000** Group PV
- ****1 Point**** for every **■1,000** Personal PV
- ****0.5 Point**** when your direct referral earns their first bonus

The more points you earn, the bigger your potential share from the bonus pool. Only active and qualified members are eligible each month.
